Subj: Miniature Dachshund Purchase from JMK Mini Dachshunds

Carolyn spent a long time looking for a Piebald Miniature Dachshund puppy to be a companion to our 5 year old Piebald Dachshund Heidi. Then she found the <http://www.jmkminidachshunds.com> site, and a picture of what was to become our new baby girl, Sophie.

Our initial contact with Kristal Couch was a mutual investigation of JMK Mini Dachshunds as a good source for a home bred dog, and Kristal's inquiry as to whether we would provide a good home for the puppy.

Once we were both satisfied, and our purchase was finalized Kristal was excellent in keeping us informed of Sophie's status, providing more pictures of her and commentary regarding her activities.

Since our schedule and weather conditions prevented our traveling to Oklahoma to pick up Sophie, we needed to have her Air Transported to Phoenix. We found Kristal to be very particular in which air carrier was used, based on Kristal's research and experience.

Sophie arrived in Phoenix on 13 December 2006, and Kristal's choice of airlines (American) proved to be excellent based on their handling and rapid delivery of our pup.

Our veterinarian substantiated Sophie's health, and she is settling in to her new permanent home.

This is the first time that we have obtained a dog without physically seeing the dog before purchasing. From our initial contact, Kristal made us very much at ease with our decision. We would not hesitate to obtain another dog from JMK Mini Dachshunds, or to very highly recommend JMK Mini Dachshunds as a source for a quality, healthy pet.

Should anyone have any questions, they may contact us at the above address and phone number.
